# PURPOSEFULL PEOPLE

## Cooperation

This month we are talking about Cooperation! Cooperation is about making sure we know how to be on a team or work in a group towards a common goal. Here is the definition we are using:

Cooperation: Working together and helping others.

We want young people to know how to work hard on their own. But, just as important, we want them to know what it looks like to be a part of a really supportive, helpful, empowering team. We will be thinking about the skills needed to work together well and how each of us contributes to a group in big and small ways. We will think about our strengths and our areas of growth. We will take part in fun challenges to put our teamwork to the test and grow, together, toward the common goal of a more helpful, kind, cooperative world!

## Conversation Starters for Home

- When we are working with others, it can be tough when a teammate is not cooperating. How do you deal with that frustration? What can you say to the teammate to tell them how you feel?
- Talk about a time when you worked on a really effective team. What were the ingredients? What did you contribute? How did they help you?

## Coyote Challenge

Popcorn Storytelling In this challenge, you will work together to craft a story about an unforgettable neighbor named Junior. Starting with, "I'll never forget Junior," everyone takes turns adding details to bring Junior's fictional story to life. Pop in when you've got a detail you want to add. It'll be fun to see where this delicious tale takes you. If you want, write it down as you go! Leave room for illustrations. Who knows? You just may want to get this one published!
